Patent No. 6,717,728 B2

Patented: April 6, 2004

On petition requesting issuance of a certificate for correction of inventorship pursuant to 35 U.S.C. 256, it has been found that the above identified patent, through error and without any deceptive intent, improperly sets forth the inventorship.

Accordingly, it is hereby certified that the correct inventorship of this patent is: Andrey N. Putilin, Moscow, Russia; and Andrew A. Lukyanitsa, Moscow, Russia.

Signed and Sealed this Seventeenth Day of October 2006.
